And so they would if everybody would take the one raedicine which is known to cure them. Mrs. Mary Blood, of Elizabethtown, Essex Co., N. Y., had the good judgment to see this was just what she needed. She took it and got well.

"About three years ago," she says,
"I was taken with a mysterious
trouble, trembting so that I was obliged to give up and go to bed. I had spells of violent vomiting, which ran into dyspepsia of the worst form. One day I was taken with a severe speil of shaking and trembling, and became terribly alarmed.

'I consulted physicians and took their treatment, but got no better. They said it was a severe case of prostration of the nerves, but they could not help me. I took many kinds of medicines, but without benefit.

"I continually grew worse until, if the least excitement came over mo I was completely exhausted, and obliged to give up entirely and go to bed. I was a complete wreck for to bed. I was a complete wreck for about two years. During this time I doctered continually, but without any good results, for I had pains all over my body and suffered awfully.

"The first bottle I took helped me, and after I had taken five bottles I was completely cured. Myself and daughter did the work, including washing, for city boarders, eighteen in the family, and did it easily. MEE MARY BLOOD.
